

Subject and year group: Geography Y11	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Topic/Unit to be studied	People and the Biosphere	Forests Under Threat & Consuming Resources	The UK's Evolving Physical Landscape	Coastal Change and Conflict	River Processes and Pressures	Revision / Exam Period
Subject Content Outline	Why is the biosphere so important to human wellbeing and how do humans use and modify it to obtain resources?	What are the threats to forest biomes and how can they be reduced? How can the growing demand for energy be met without serious environmental consequences?	Why does the physical landscape of the UK vary from place to place?	Why is there a variety of distinctive coastal landscapes in the UK and what are the processes that shape them? What are the challenges for coastal landscapes and communities and why is there conflict about how to manage them?	Why is there a variety of river landscapes in the UK and what are the processes that shape them?	
Aims/Assessment Objectives	AO1: Demonstrate knowledge of locations, places, processes, environments and different scales. AO2: Demonstrate geographical understanding of: concepts and how they are used in relation to places, environments and processes. the inter-relationship between places, environments and processes. AO3: Apply knowledge and understanding to interpret, analyse and evaluate geographical information and issues and to make judgements. AO4: Select, adapt and use a variety of skills and techniques to investigate questions and issues and communicate findings.					
Assessment	Past Paper questions / End of topic test / Examination	Past Paper questions / End of topic test / Examination		Past Paper questions / End of topic test / Examination	Past Paper questions / End of topic test / Examination	
Cross curricular opportunities	Maths: Statistics / Data Analysis	Maths: Statistics / Data Analysis	Science: Geology, Weathering and Erosion	Science: Geology, Weathering and Erosion	Science: Geology, Weathering and Erosion	
Social, Moral, Spiritual, Cultural	Throughout the study of Geography, we encourage the spiritual development of students through providing opportunities to reflect upon the landscapes and environments studied. We encourage Geographers to be curious about the world in which we live and ask questions about future events. Moral questions present in the majority of topics studied- they form a key part of geographical issues that are present within the world today. Finally, cultural and social issues and the needs of different groups of people are common themes explicitly recognised on a regular basis, such as the need to create a sustainable society.					
Homework	Regular homework will be set on tasks related to the units being studied. Prior to assessments, revision will be required to be completed as a homework task. Additionally, students may be required to complete classwork tasks that they have not completed.
