Roding Valley HIGH SCHOOL

November 2017

Dear Parent/Guardian

I am writing to inform you that on Tuesday 7 November 2017, your child has been chosen to participate in a Fantastic Plastic Chemistry Lecture at Queen Mary University Mile End.

The event will commence at 13.45 and finish at 15.30. Your child will then return to Roding Valley at approx 16.30, should you wish your child to make their own way home from either Woodford station or Buckhurst Hill station please grant consent for this at the bottom of the letter.

Your child, will be leaving school at 12.00, to ensure there is sufficient time for lunch before the lecture. Please could you ensure your child has either a packed lunch, or enough money to purchase food from the University. In addition, your child will need a topped up oyster card to travel to and from Queen Mary University on this day.

The purpose of this lecture is to broaden their subject expertise, and to see the endless career opportunities that exist in Chemistry. The lecture will also consolidate scientific facts learnt in the classroom.

This is an exciting opportunity for your child and I would appreciate your consent for this visit. Please could this be completed by 3 November 2017. Alternatively, please complete the form below and return to myself.

Yours Faithfully

Mrs S Patel
Science Teacher/STEM coordinator
