Roding Valley
HIGH SCHOOL

3rd December 2018

Dear Parent / Carer,

Re: Year 7 Maths Assessment

The Mathematics Department at Roding Valley High School is conducting an assessment in Maths for year 7 on the week commencing 3rd December 2018. The purpose of this assessment is to track the progress of the students in year 7 and to highlight gaps in the student's knowledge.

At the start of year 7, the students were placed in provisional sets that were based on their Key Stage 2 results from Primary School. Following this assessment, we will be updating the Maths sets for year 7 to help support and improve the progress of the students and to make sure your child is put in the appropriate set to match their learning needs. As a result, your child may be placed in a higher or lower set than they are currently in.

Following any set moves we will continue to observe their progress and make sure that they remain in a set which best suits their needs.

As always, we will continue to support your child. Staff will be available to give assistance in the Maths Support Club every Thursday afterschool and Year 11 Maths Prefects are on hand to assist lunchtimes Tuesday and Thursday in Key Stage 3 Maths Club. Where they may bring any concerns with respect to their Maths work.

In the meantime, if you have any concerns about this or any other matter, please do not hesitate to contact me.

Yours faithfully

Mr Dennis
Maths KS3 Co-ordinator

Mr Edeko
Head of Maths
